August 21, 2008

Dear Valued Patient:

Due to an overwhelming demand for services in and around our Farmington and Hartford locations, The Center has made the difficult decision to consolidate facilities. Beginning October 1, 2008, we will no longer see patients in Hamden. On October 2, 2008, I will begin seeing patients full time at The Center's Farmington location on the campus of the University of Connecticut Health Center. This facility is The Center's largest, most technologically advanced, and fully-staffed location and it has been in operation since 1986. As part of the University of Connecticut Health Center's campus, it is also very conveniently located right off of Route 84, only about 30 minutes from Hamden.

I hope you will choose to continue your care with me in Farmington, assuring the best possible way to continue your care going forward. If, however, that option proves to be inconvenient for you, I will work with you to transition your care to another provider. All patient charts from Hamden will be forwarded to the Farmington office as well. Our team will all work together to make this transition as seamless as possible for you.

It has been my privilege and pleasure to be a member of the Greater New Haven medical community for the past four years. I have appreciated the opportunity to service patients from this area and look forward to continuing to do so at our Farmington location.

To learn more about our Farmington location, including directions, please feel free to visit our website at anytime at www.uconnfertility.com. Here are some important contact numbers for Farmington, too::

Main Number:	860-679-4580
To refer a patient:	860-679-4580
For Dr. Schmidt:	860-679-4580
Dr. Schmidt's Financial Services Representative:	860-679-3792
Fax:	860-679-1499
Farmington Practice Manager:	860-679-3657

The entire Center team looks forward to continuing to work with you to meet your family building needs. Thank you for allowing us to participate in your care.

Sincerely yours,

David Schmidt, MD, FACOG
Lead Physician
