Getting The Facts on Getting Pregnant

If you've had thoughts about getting pregnant and it hasn't happened as soon as you anticipated, you're not alone. It happens to more women than you think. So, let's get the facts and empower you with knowledge. Our fertility specialists can help you gather the information you need to move ahead. No obligations, just advice personalized to your unique situation.

Talk with us, it's just one appointment.

Fertility Screening For Only \$99

We'd like to offer you a basic fertility screening to help you get the facts and better plan your future. Our fertility screening includes:

- A brief questionnaire
- Blood test
- Personal phone consultation to review your results

Cost: \$99 for everything above
