Sample Collection Instructions

The following information will help give you instructions on how to collect and provide us with your semen sample. Please read all of the items below and call to make an appointment.

1. Please obtain a test requisition or order form from your physician prior to scheduling your test.
2. Once you have obtained your test requisition, please call the office in Farmington (860) 321-7082 or (844) 467-3483 or Hartford (860) 525-8283 to schedule the test ordered by your physician.
3. Have your requisition handy when you call to schedule your appointment and you must bring it with you on the day of your test.
4. Please abstain from ejaculation for at least 2 to 7 days.
5. The following conditions for sample collection must be met or the sample may be unacceptable for testing and the test may need to be rescheduled:
 - The sample must be collected into a sterile, wide mouth, plastic specimen container. These are available from our lab, most physicians and from pharmacies.
 - The sample must be collected by masturbation. No oral, vaginal or anal contact is permitted.
 - If you are unable to collect a sample by masturbation, please discuss this with your physician prior to scheduling your test.
 - If the sample cannot be collected at The Center, it may be collected at home, provided it can be transported to The Center within 1 hour of collection.
 - When transporting the sample, please keep it upright at all times.
 - The sample must be protected from extremes of temperature and kept as close to body temperature as possible.
 - Please be sure to collect the entire sample. If any portion of the sample is lost, the results may

be affected and you may need to reschedule your appointment.

- Your test requisition or order form must accompany your sample the day of the test.
- **Please be sure to bring a photo ID to your appointment.**

For your test results, please call the doctor's office that ordered the testing. They will be available within 7 days of the testing.
